

# COMMERCIAL SALT WATER POOL MAINTENANCE PROGRAM

## Salt Water Advantages

Clear blue salt water is making waves in the future of balanced water chemistry. The IntelliChlor generator creates fantastic water quality with the same disinfectant performance without the drawbacks of manual chlorine additions. All you need is pure water softener salt, which means no more chemical baths or complaints from swimmers about the harsh chemicals in today's pools. Salt chlorination provides softer, cleaner water and a more efficient environment for chlorine while using less chemicals to maintain balance.

*"We have used Allied Aquatics and their Commercial Program for three years and we have never had any issues with algae or closures due to water quality or water chemistry. The pool is always beautiful and ready for use.*

*-Will, Colonial Reserve*

### Program Advantages

- **Algae-Free Guarantee**—Should algae appear after service call office and a tech will be dispatched within two hours to address the issue
- **No Closure Guarantee**—We guarantee the water quality and chemistry meets all local and state regulations to prevent closure of swimming pool.
- **No waiting for use after chemical treatments** with continual chlorine production. Giving you softer, cleaner, healthier water.
- **Decrease Manpower. Save nearly 20% on overall pool costs annually**

**Q: Is there still chlorine in the pool?**

A: Table salt (sodium chloride) is added to the pool water...less than a teaspoon of salt per gallon of pool water is all that's required. As the dissolved salt flows through the generator cell, it is electrolytically converted to pure chlorine, which is then distributed throughout the pool, sanitizing the water, keeping it fresh, clear and safer for swimmers.

**Q: How will this benefit my residents?**

A: No more red stinging eyes and skin irritation from packaged chlorine. Consistent sanitization 24/7. Algae free, crystal clear water. No waiting to swim after chemical treatments.

**Ask your Allied Aquatics Rep details about the Commercial Saltwater Pool Maintenance Program and how you can receive FREE installation and your properties salt system at a greatly**

**ALLIED AQUATICS**
